

4-in-1 Burn Relief Spray with Lidocaine

Product Data Sheet

4-in-1 Burn Relief Spray with Lidocaine is a multipurpose and non-alcohol based epidermal solution designed to be applied with a high degree of atomization for use as a skin relief treatment to the following conditions:

- Skin irritation, pain, sensitivity or burn sensation caused by prolonged sun exposure.
- Skin that has been exposed to a heat source causing minor burns.
- Skin exposed to abrasive means or other contact causing irritation or burning sensation.

4-in-1 Burn Relief Spray with Lidocaine is migrational and absorbs, penetrates and soothes through several layers of the epidermis. This allows the skin to rehydrate and begin repairing damaged cells quickly. This process reduces inflammation while blocking nerve signals that reduces pain, burning sensations, irritation and epidermal swelling. The product also provides a soothing and cooling sensory effect ensuring a pleasant sensation that replaces the current irritation.

4-in-1 Burn Relief Spray with Lidocaine contains the following ingredients:

- Allantoin: Rehydration agent and moisturizing enacting skin repair.
- Lidocaine: Nerve blocking and topical anesthetic to provide rapid pain relief.
- Aloe Vera: Absorption, epidermal anti-inflammatory and soothing effect.
- Menthol: Prolonged cooling effect.
- Water based: Hydrating agent.
- Mint Fragrance: Cooling and pleasing sensation.
