

Product Data Sheet

Broad Spectrum Sport Sunscreen SPF 50 Spray Reef Friendly

Broad Spectrum Sport Sunscreen SPF 50 Spray Reef Friendly is an Oxybenzone free product. Oxybenzone has been cited by the EWG (Environmental Working Group) as a hormone and endocrine disrupter and is restricted in many markets around the world. Further, NOAA (The National Ocean Service) has sited that Oxybenzone is highly toxic to coral reefs causing bleaching and die offs.

Broad Spectrum Sport Sunscreen SPF 50 Spray Reef Friendly is a highly effective and broad spectrum UVA/UVB epidermal protectant that doesn't require rubbing in. This light weight and oil free sunscreen provides water resistance up to 80 minutes and applies and dries clear. This product utilizes a leading-edge copolymer that is a film former but is permeable, allowing the skin to breath. Powered by air, this non-flammable propellant Bag-on-Valve continuous spray product sprays at any angle.

- UVA/UVB Broad Spectrum Protection
- Water resistant up to 80 minutes
- Clear no-run application
- Reef Friendly
- Decreases risk of skin cancer and early skin aging caused by the sun

Broad Spectrum Sport Sunscreen SPF 50 Spray Reef Friendly ensures that effective sun protection can be applied without the sensory experience of a greasy application. Water resistance for up to 80 minutes matched with a light weight formula that doesn't require rubbing in allows one to apply protection to sensitive areas such as face, forehead, ears, neck, behind the arms, under the arms, back side of legs and lower back. This product is Oxybenzone free.

Broad Spectrum Sport Sunscreen SPF 50 Spray Reef Friendly contains the following ingredients:

- Avobenzene: UV-A Absorber
- Homosalate: UV-B Absorber
- Octisalate: UV-B Absorber
- Octocrylene: UV-B Absorber
- Acrylate Copolymer: Breathable film former
