

Product Data Sheet

Natural Botanical SPF-50 Spray Sunscreen

Natural Botanical SPF-50 Spray Sunscreen is an Oxybenzone free product. Oxybenzone has been cited by the EWG (Environmental Working Group) as a hormone and endocrine disrupter and is restricted in many markets around the world. Further, NOAA (The National Ocean Service) has sited that Oxybenzone is highly toxic to coral reefs causing bleaching and die offs.

Natural Botanical SPF-50 Spray Sunscreen is a highly effective, broad spectrum UVA/UVB epidermal protectant that doesn't require rubbing in. This light weight, film forming and oil free sunscreen provides water resistance up to 80 minutes and applies and dries clear.

Natural Botanical SPF-50 Spray Sunscreen is formulated with an Organic Alcohol Base and is rich in Vitamins and Antioxidants. This sheer product utilizes a leading-edge copolymer that is a film former but is permeable, allowing the skin to breath. Powered by air, this non-flammable Bag on Valve continuous spray product sprays at any angle.

- Broad Spectrum SPF50 - UVA/UVB Protection
- Light weight, oil-free and no-run application
- Water resistant up to 80 minutes

Natural Botanical SPF-50 Spray Sunscreen ensures that effective sun protection can be applied without the sensory experience of a greasy application. Water resistance for up to 80 minutes matched with a light weight formula that doesn't require rubbing in allows one to apply holistic protection to sensitive areas such as face, forehead, ears, neck, behind the arms, under the arms, back side of legs and lower back.

Natural Botanical SPF-50 Spray Sunscreen contains the following ingredients:

- Avobenzene: UV-A Absorber
- Homosalate: UV-B Absorber
- Octisalate: UV-B Absorber
- Octocrylene: UV-B Absorber
- Acrylate Copolymer: Breathable film former
