

Product Data Sheet

Scent Free Mineral Sunscreen SPF 35 Spray

Scent Free Mineral Sunscreen SPF 35 Spray is an Oxybenzone free product. Oxybenzone has been cited by the EWG (Environmental Working Group) as a hormone and endocrine disrupter and is restricted in many markets around the world. Further, NOAA (The National Ocean Service) has sited that Oxybenzone is highly toxic to coral reefs causing bleaching and die offs.

Scent Free Mineral Sunscreen SPF 35 Spray is a highly effective and broad spectrum UVA/UVB epidermal protectant. This light weight and oil free sunscreen provides water resistance up to 80 minutes and applies and dries clear. This product utilizes a leading-edge copolymer that is a film former but is permeable, allowing the skin to breath. Powered by air, this non-flammable propellant Bag-on-Valve continuous spray product sprays at any angle.

- UVA/UVB Broad Spectrum Protection
- Water resistant up to 80 minutes
- Light weight, oil-free and no-run application
- Reef Friendly
- Decreases risk of skin cancer and early skin aging caused by the sun

Scent Free Mineral Sunscreen SPF 35 Spray ensures that effective sun protection can be applied without the sensory experience of a greasy application. Water resistance for up to 80 minutes matched with a light weight formula that is alcohol free. This product is Oxybenzone free.

Scent Free Mineral Sunscreen SPF 35 Spray contains the following ingredients:

- Titanium Dioxide: Sunscreen
- Zinc Oxide: Sunscreen
- Acrylate Copolymer: Breathable film former
