

## Product Data Sheet

# Ultra Protection SPF-30 Reef Friendly Spray

---

**Ultra-Protection SPF 30 Reef Friendly Spray** is an Oxybenzone free product. Oxybenzone has been cited by the EWG (Environmental Working Group) as a hormone and endocrine disrupter and is restricted in many markets around the world. Further, NOAA (The National Ocean Service) has sited that Oxybenzone is highly toxic to coral reefs causing bleaching and die offs.

**Ultra-Protection SPF 30 Reef Friendly Spray** is a highly effective mid-range broad spectrum UVA/UVB epidermal protectant that doesn't require rubbing in. This light weight and oil free sunscreen provides water resistance up to 80 minutes and applies and dries clear. This product utilizes a leading-edge copolymer that is a film former but is permeable, allowing the skin to breath. Powered by air, this non-flammable propellant Bag-on-Valve continuous spray product sprays at any angle.

- Broad Spectrum SPF 30 UVA/UVB Protection
- Oxybenzone Free
- Water resistant up to 80 minutes
- No-rub application

**Ultra Protection SPF 30 Reef Friendly Spray** ensures that effective sun protection can be applied without the sensory experience of a greasy application. Water resistance for up to 80 minutes matched with a light weight formula that doesn't require rubbing in allows one to apply holistic protection to sensitive areas such as face, forehead, ears, neck, behind the arms, under the arms, back side of legs and lower back.

**Ultra Protection SPF 30 Reef Friendly Spray** contains the following ingredients:

- Avobenzene: UV-A Absorber
- Homosalate: UV-B Absorber
- Octisalate: UV-B Absorber
- Octocrylene: UV-B Absorber
- Acrylate Copolymer: Breathable film former
