

Product Data Sheet

Ultra Protection SPF-30 Spray

Ultra Protection SPF 30 is a highly effective and mid-range broad spectrum UVA/UVB epidermal protectant that doesn't require rubbing in. This light weight, film forming and oil free sunscreen provides water resistance up to 80 minutes and applies and dries clear. This sheer product utilizes a leading edge copolymer that is a film former but is permeable, allowing the skin to breath. Powered by air, this non-flammable Bag on Valve continuous spray product sprays at any angle.

- Broad Spectrum SPF 30
- UVA/UVB Protection
- Light weight and oil-free
- Water resistant up to 80 minutes
- No-rub application

Ultra Protection SPF 30 ensures that effective sun protection can be applied without the sensory experience of a greasy application. Water resistance for up to 80 minutes matched with a light weight formula that doesn't require rubbing in allows one to apply holistic protection to sensitive areas such as face, forehead, ears, neck, behind the arms, under the arms, back side of legs and lower back.

Ultra Protection SPF 30 contains the following ingredients:

- Avobenzene: UV-A Absorber
- Homosalate: UV-B Absorber
- Octisalate: UV-B Absorber
- Oxybenzone: UV-B Absorber
- Acrylate Copolymer: Breathable film former
