

## Product Data Sheet

# Ultra Sheer Mist Sunscreen SPF 70 Reef Friendly

---

**Ultra Sheer Mist Sunscreen SPF 70 Reef Friendly** is an Oxybenzone free product. Oxybenzone has been cited by the EWG (Environmental Working Group) as a hormone and endocrine disrupter and is restricted in many markets around the world. Further, NOAA (The National Ocean Service) has sited that Oxybenzone is highly toxic to coral reefs causing bleaching and die offs.

**Ultra-Sheer Mist Sunscreen SPF 70 Reef Friendly** is a highly effective and broad spectrum UVA/UVB epidermal protectant that doesn't require rubbing in. This light weight and oil free sunscreen provides water resistance up to 80 minutes and applies and dries clear. This product utilizes a leading-edge copolymer that is a film former but is permeable, allowing the skin to breath. Powered by air, this non-flammable propellant Bag-on-Valve continuous spray product sprays at any angle.

- Broad Spectrum SPF 70 UVA/UVB Protection
- Light weight, oil-free and no-run application
- Water resistant up to 80 minutes and no-rub application

**Ultra Sheer Mist Sunscreen SPF 70 Reef Friendly** ensures that effective sun protection can be applied without the sensory experience of a greasy application. Water resistance for up to 80 minutes matched with a light weight formula that doesn't require rubbing in allows one to apply protection to sensitive areas such as face, forehead, ears, neck, behind the arms, under the arms, back side of legs and lower back. This product is Oxybenzone free.

**Ultra Sheer Mist Sunscreen SPF 70 Reef Friendly** contains the following ingredients:

- Avobenzene: UV-A Absorber
- Homosalate: UV-B Absorber
- Octisalate: UV-B Absorber
- Octocrylene: UV-B Absorber
- Acrylate Copolymer: Breathable film former
